The Morning Meeting item for which we are required to report to the Executive Director came from the Executive Committee Meeting on 13 December 1965. It is stated as follows: "3. DD/S&T and DD/S are requested to collaborate in arranging to keep the Agency abreast of work being done in the fields of learning machines and teaching machines (Status Report by 1 February)."

I think Mr. Bannerman gave this item to Mr. Richardson on 13 December but I believe it would be a good idea to follow-up with [redacted] to make sure they are preparing a report to the Executive Director and that they do not consider the obligation liquidated with the paper recently prepared for Mr. Bannerman.
